ART ON THE WALLS AND ON THE TABLES

Complimentary Aperitivo and Canapé at Lucio's Paddington

Back when Paddo was more bohemian than boutique, a young Lucio Galletto moved in to the area and opened his first restaurant. Neighbouring artists fell in love with Lucio and his exceptional northern Italian cuisine and made it their local. Now, he's personally inviting all MasterCard cardholders

to enjoy an Aperitivo of the Day served with a typical Ligurian canapé with his compliments. Made from seasonal produce, you could be sipping on a blood orange Pettiroso or a fresh white peach Bellini as you take in some of the country's finest artists.
